DETAILED ACTION

Claims 1-4 and 6-14 are presented for examination. This office action is in response to the amendment filed on 12-14-2004.

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 1-4 and 6-14 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter – abstract methods that only manipulate data. (See MPEP 2106 [R-2])

Applicant is respectfully requested to amend claims to place them within the four statutory categories of invention and to have a practical utility having a useful, concrete and tangible result, in order to expedite a complete examination of the instant application the claims rejected under 35 U.S.C. 101.
